TECHNICAL FORUM

PHASE 1:REQUIREMENTS GATHERING

INTRODUCTION

What is forum website?

An Internet **forum**, or message board, is an online discussion **site** where people can hold conversations in the form of posted messages. They differ from chat rooms in that messages are often longer than one line of text, and are at least temporarily archived.

The definition of a **forum** is a place or a method for discussion. An **example of a forum** is Quora,stackoverflow.
